

We are now licensed to conduct civil wedding ceremonies in

WOOKEY HOLE

We have three chambers that are available for ceremonies:

Chamber 1 can hold up to 70 people
Chamber 2 can hold up to 70 people
Chamber 3 can hold up to 100 people

We can only offer weddings at 5pm as we are a visitor attraction and are open to the public all year round. Weddings can also only be conducted from the end of October to the end of March, this is our off peak season, and the site is generally quieter during these months.

The fee is £850.00* to be married in the caves, and £650.00* if you book your reception at our restaurant and function room on site. We have a fully licensed function facility with a dance floor and we offer a range of menus which can be discussed with our catering manager.

The registrar charges a separate fee and this is paid direct to his office.

You may make an appointment to book a visit to the caves and one of our staff will show you the three chambers.

If then, you decide you wish to make a booking, making sure the date you require is available; you must then contact the registrar direct to book their services. They then contact us and we will put your booking in writing. We require a 50% deposit as the time of confirmation and the remainder one month before the wedding.

The deposit is non-returnable.

If you wish to make an appointment to come and view the caves, please contact us,

With regards

Louise Prior
